

20 Year Limited Warranty

Paramount Granite Company provides a limited warranty to the original purchaser that its natural stone will be free from fabrication defects for a period of twenty limited years from the date of final installation. Although the product is carefully inspected prior to shipping, the final inspection and approval is the purchaser's responsibility.

This limited warranty applies only where the natural stone has been installed to standard installation practices by Paramount Granite Company and where the product is used only for its intended purposes and maintained as instructed by Paramount Granite Company, the fabricator.

Any claims against Paramount Granite Company will be remedied by their option only and would only include repair or replacement of defective workmanship, or refund to original purchase price. Paramount Granite Company would not be responsible for any damage that might occur during replacement or removal of existing product.

Note: If this warranty does not "beat" any competitors, let us know and we'll extend it more!
